PROFILE

My enthusiasm for programming is rooted in a lifelong passion for video games. Dabbling in small projects when I was younger, I set my sights on becoming a video game developer. Beginning my career path by enrolling in a college programming course, before entering a Bachelor of Science in Games Programming .

EDUCATION

JUNE 2024

**COMPUTER GAMES PROGRAMMING BCS (WITH PLACEMENT YEAR),
STAFFORDSHIRE UNIVERSITY**

Currently within my first year, being briefly introduction to the entirety of what is to come. Since this year is my introduction, I will come to find an area of specialty in time.

JUNE 2020

**BTEC LEVEL 3 EXTENDED DIPLOMA (SOFTWARE DEVELOPMENT AND WEB
DESIGN, WITH A YEAR OF PLACEMENT) DUDLEY COLLEGE OF TECHNOLOGY**

Graduating with D-D-D , I started developed proficiency in HTML , CSS and JavaScript. While learning the core concepts of C++ , C# and basic programming principles.

My education further deviated into IT , learning interpersonal skills , troubleshooting skills, networking and what it means to be an IT specialist. Gaining further excellence of knowledge of Office 365.

Having a year of placement, I was tasked to redevelop a data base system using the language SQL and PHP. This also incorporated a newly designed website around the oriented changes of the data base. This was abruptly cancelled however due to Covid-19 early in the year, only 3 months into my placement.

SKILLS

PROGRAMMING LANGUAGES:

- C++
- C#
- JavaScript
- HTML
- CSS

- SQL
- PHP

SOFTWARE:

- Office 365 (Word, Excel, Publisher, PowerPoint, Access)
- Visual Studio (Strong debugging skills)
- MYSQL
- Dream Weaver

ACTIVITIES

My enthusiasm for video games further reaches into hardware, being a PC hardware aficionado , and a devoted fan of AMD. Also enjoying sci-fi such as Star Wars.

My passion for fitness is parallel to my enjoyment of games. I value a disciplined lifestyle through fitness and nutrition. To accompany this, I am a diverse music listener and enjoy opening myself to new artists.
